1. Your review link takes customers straight to the box where they write a review, so it only takes them a moment. Here's how to find it and use it.

2 In your profile, find the option to ask for reviews, and copy the short link it gives you.

3 Save it in your profile facts file, so everyone uses the same link.

4 Then paste it into your review request texts and emails, in place of the review link placeholder.

Remember

1. Copy the short link
2. Save it in your facts file
3. Use it in every request

SAMPLE · FICTIONAL BUSINESS

5 Copy it once, save it, and use it in every request.
