How do I send a review request?

Ask a customer for a review right after the job, with your link.

1. Here's how to ask a customer for a review, using the templates in your kit.

2 Right after the job, text the customer the review request from your templates, with your review link.

3 If they haven't left one, the templates have a next-day email and one gentle reminder a week later. Then stop.

4 Ask every real customer, not only the happy ones, and never offer a discount or a gift in return.

Remember

1. Text the link after the job
2. One reminder at most
3. Nothing in return

SAMPLE · FICTIONAL BUSINESS
