1. Sometimes you'll want to hold the follow-ups on one quote, or change the schedule for all of them.

2 With the Install, mark the quote paused to hold its follow-ups. Replying to the customer stops them by itself.

3 To change the days or the messages for every quote, text us and we'll update the schedule. With the Kit, you change the dates on your calendar.

4 Either way, nothing goes out after a customer replies, signs or texts STOP to opt out.
